Incident Description:

On May 10th, at 8:00 am a stake bed truck and pick up truck stopped in the middle of the Main St. and Standard Ave. intersection, window to window, in order to have a conversation. The driver of the stake bed truck got out in the intersection in order to carry on the discussion leaving the vehicle running and the door open. Meanwhile, other vehicles had to go around this conference. The pickup eventually went into the tank field, and the stake bed truck proceeded down Main. **Note:** There was a recent fatality associated with carrying on a conversation in the roadway and exiting a running vehicle.
